FAX: 860-638-1995 EMAIL: purchase@middletownct.gov

BIDDER ACKNOWLEDGES RECEIPT OF ADDENDUM #1: _____

COMPANY NAME

All bidders are hereby advised of the following amendments to the contract bid documents which are hereby made an integral part of the specifications for the subject project, prepared by the City of Middletown to the same extent as all other documents. All work shall conform to the standards and provisions of same. Bids submitted shall be deemed to include contract document information as shown in Addendum No. 1. General bidders shall notify sub-bidders that may be affected by this addendum as applicable. **Bidders shall be required to acknowledge receipt of this addendum in the space provided on the Bid Proposal Form on Pg. 19.**

Failure to acknowledge receipt of this addendum by the bidder may result in the rejection of their bid. Bidders are directed to review changes to all portions of the work as changes to one portion may affect the work of another.

Total Addendum: 3 pages

*****BIDDER NOTE:** If you have already submitted a bid you shall be required to acknowledge receipt of this addendum under separate cover in a sealed envelope clearly marked with the bid number and description. This acknowledgment must be received by the time and date specified to be accepted by the City.

Supervisor of Purchases

**Q & A For
Bid # 2014-004 – Purchase of Various Sized Dumpsters
Public Works Department**

1. On page 15 spec 10 – you have two different washers sizes, which one are you looking for? **2 ¾"**
2. ON page 16 – spec 1 you ask for a locking bar system. Do you want manual or automatic? **Manual.**
3. ON page 16 – spec 2 you asked for "v" crimped on the bottoms. Do you really want that in the floors? **This has been standard in the specs for years.**
4. ON page 16 – spec 4 you asked for interlocking bandsing. Are you referring to the crown/top rails on the containers? **Yes**
5. ON page 16 – spec 6 – are you asking for 6 gussets per fork pocket? **Yes** What is the 3" skids? **The supports at the bottom of the container on the outside.**
6. ON page 16 – spec 13 please explain. **This is extra support for the wheels.**
7. ON page 16 – spec 16 Are you looking for pull handles on the 4yd only? **Actually pull handles on the 2 cy containers with wheels.**
8. On page 15 –spec 5 are you referring to the top crown? **Yes**
9. On page 15 –spec 6 are you referring to the side supports? **Yes**
10. Do I need to come there and inspect the city refuse truck to make sure our dumpsters will work with them before I sign anything? **Current horizontal bar is 77 ¾". 78 would be fine. From Public Works perspective it is always best if a representative from the company can come to make sure his dumpsters will fit with our trucks. However, if that is cost prohibitive, if the dumpsters meet the specifications, there shouldn't be a problem.**
